**5- Trend of research outcome from 2011-2019 (only ISI published articles)**

## **Research Key Performance Indicators (KPIs)**

1. Average # of publications/staff=  $47/31 = 1.52$  (compared to 1.07 in 2018)
2. Percentage of staff involved in research=  $24/31 = 77\%$  (compared to 73% in 2018)
3. Percentage of staff without publications  $7/31 = 23\%$  (compared to 27% in 2018)

## **Interpretations**

Compared to 2018 report,

- There is an increase in the number of the ISI publication by 15 articles
- The average publication/staff has increased by almost 0.5
- Percentage of staff involved in research has increased by 4%
- Improved percent of staff without publication by 4%
- Cumulative Impact factor for publications of the department had decreased by almost 1 (from 53.22 in 2018 to 52.27 in 2019)

## **Recommendations**

- Continue working on enhancing the research skills of the staff as well as the fellows.
- Focus more on high impact factor journals (Q1, Q2).
